Student Address

Hannah Bell, Class of 2026

Hannah Bell grew up in Cecil County, Maryland, spending most of her time outdoors and horseback riding. For a long time, Hannah didn't plan on attending college and instead envisioned a life working with horses. That changed during her senior year at Padua Academy in Wilmington, Delaware after a few major life changes. She graduated in 2023 and came to Goldey-Beacom College as a Business major with a concentration in Entrepreneurship, excited for what the future held.

Her path at Goldey didn't follow a straight line. After her first semester, she found her passion for English. What began as a minor soon grew into a double major in Business Administration and English, with a concentration in Legal Studies, culminating in her decision to fully commit to English and Law and complete her degree ahead of schedule.

As a commuter student working multiple jobs, Hannah balanced a full schedule while staying involved on campus. She served as an embedded tutor for Critical Writing I and II and as the Manager of the IREX Global Solutions Sustainability Challenge in 2024. Working with Dr. Scott Glenn and her team to develop a 3D printing project focused on sustainability that won second place and gained global recognition. As a result, she received the Leadership Excellence Award for her work on the project. She was also named to the President's and Dean's Lists every semester and received the Lewis Award and the Excellence in Literary Arts Award.

Writing became the most meaningful part of her experience at Goldey. She won the college's Writing Competition in the poetry division two years in a row and was a featured poet at The Delaware Contemporary in the Fall of 2025.

After graduation, she plans to spend a year working and traveling before pursuing her MFA in poetry. Eventually, she hopes to both write and teach, helping others find their voice the same way she found hers.

Hannah is incredibly thankful for the support system that helped her get here which includes her family, friends, classmates, and the faculty and staff at Goldey-Beacom College, especially in English and Legal Studies. She would like to give a special thank you to Dr. Bret Shepard for his mentorship, who has always encouraged her to take risks and pursue her passion for writing, and to Perri Byers for her constant support, positivity, and encouragement on even the hardest days.

Keynote Speaker

Kemal Erkan

Chief Executive Officer,

United Medical, LLC, Chairman of United Medical
ACO, and Chairman and Co-Founder of the
American Surgery Center

Kemal Erkan, MBA, FACMPE, is the Founder and Chief Executive Officer of United Medical, LLC, Chairman of United Medical ACO, and Chairman and Co-Founder of the American Surgery Center. Since 2000, he has been a transformative force in the healthcare sector, particularly in advancing Electronic Medical Records (EMR), Accountable Care Organizations (ACOs), Medical Practice Administration, and Revenue Cycle Management. Mr. Erkan earned a Bachelor of Science in Business Administration and Political Science from Ankara University in Turkey, followed by a second Bachelor of Science in Computer Information Systems and dual Master of Business Administration degrees in Information Technology and Finance from Goldey-Beacom College in Delaware. He has served on the Oracle™ (Cerner™) EMR and Practice Management Advisory Boards and played a pivotal role as an adjunct professor in launching healthcare-focused undergraduate and graduate programs at Goldey-Beacom College.

At the height of the COVID-19 pandemic, Mr. Erkan launched the UnitedTV YouTube channel to provide timely, vital information to Delaware residents. The platform has since expanded significantly, evolving into a broader resource that includes Bariatric Friday, a weekly health education series co-hosted with Dr. Isaias Irgau, focused on obesity, surgical care, and long-term wellness. UnitedTV has grown to nearly 300,000 subscribers and now delivers a wide range of content, including health education, public policy analysis, U.S. political commentary, and global affairs coverage—reflecting Mr. Erkan’s ongoing commitment to fostering an informed and engaged audience.

Under Mr. Erkan’s leadership, United Medical has evolved into one of the top private ambulatory healthcare networks in Delaware and the Mid-Atlantic region. Founded in 2005 with a vision of patient-centered care and in partnership with Cerner Corporation, United Medical began as a turnkey solution for healthcare providers, focusing on billing and healthcare information technology to accelerate adoption of electronic health records. Today, United Medical is a multi-specialty network serving over 27 specialties and 135 practices nationwide, uniting more than 180 providers and 325,000 patients locally. The network provides full-service financial, IT, consulting, and select multimedia services, allowing practices to focus on improved patient outcomes and quality of care, while supporting population health management. In 2026, Becker’s Hospital Review named United Medical ACO one of the “50 ACOs to Know,” highlighting its innovative approach and regional impact.

Mr. Erkan's contributions have earned widespread recognition, including Delaware's Most Impactful Business Leader – Delaware 222 Recognition (2026), the Marmara Foundation Appreciation Award (2025), the MGMA Extraordinary Leader Award (2022), the YWCA of Delaware Man of Distinction Award (2022), MGMA Lifetime Achievement Award (2020), MGMA Rise Above Recognition Award (2020), the TURKOFAMERICA Outstanding Achievement in Healthcare Award (2019), and the Young Society Leader Award from the American Turkish Society (2018).

In addition to his professional work, Mr. Erkan is deeply committed to philanthropy and community service. He serves as Vice President of the Board of Directors for the Brandywine Valley SPCA, is the Chair of the YWCA Resilience Fund and supports the Food Bank of Delaware through its Development and Food Is Medicine committees. He also serves as the United States Representative for the Marmara Foundation and is a co-founder of Friends of Tigray, a nonprofit dedicated to humanitarian relief efforts in the Tigray region of Ethiopia and to supporting communities impacted by devastating earthquakes in Turkey. Through these efforts, he advances humanitarian initiatives and provides critical support to communities in need both domestically and internationally.

Mr. Erkan is a recognized political and international affairs analyst, frequently appearing on Turkish television to discuss U.S.-Turkey relations, Middle Eastern issues, and global diplomacy, bridging his unique perspective as a Turkish-American leader. He is also a registered journalist with international press credentials.

He resides in Greenville, Delaware, and enjoys traveling, reading, and playing tennis. Across all his roles – healthcare leader, educator, media personality, philanthropist, and global affairs advocate – Mr. Erkan is committed to improving health outcomes, fostering community engagement, and building a more informed, connected, and just society.
